### WORLD DAY OF PEACE

*“My children,*

*I’m thanking you with all My heart, even if today is a holiday, you’ve come to Me all the same. I’ve got only two words to say: always believe in My Son, never doubt Him! I’m thanking all the Prayer Groups, My Son is happy, but remember, My children, I’ll never get tired of saying, you know where you’ve to go praying My Son, because now as ever He needs you, even the priests, pray for them also they need, such as the sick, or perhaps for them even more. I’m blessing you, My children, in the name of the Father, the Son and the Holy Spirit. Don't worry, My daughter, if you’ve got these pains: there’s no medicine that can cure them, because you know where you’ve to come ..... and that the blessing be upon you and upon all those who love you!*

*Amen. ”*
